Telecom Savings Tips (We're giving them away)

Telecom Training

A common problem for companies is not having staff with the knowledge and experience to discover and correct telecom related issues in a timely manner. You can outsource this task or let the EXPERIENCED and CARRIER TRAINED team at 4TelecomHelp TRAIN YOUR STAFF to recognize these common errors and show them what steps to take in resolving these issues.

Success Stories

A chemical manufacturer with several headquarter buildings in a campus environment knew they could be saving money moving from Centrex to VOIP phone system solution. During the audit process thousands of dollars were uncovered in unnecessary lines, cell phones on the wrong rate plans, and re-design using new technology.

Current Projects at 4TelecomHelp:

- * Managed wireless solution with custom reporting for Fortune 500 auto dealer
- * Customized SharePoint sites for all managed solution customers
- * Location auditing of major retailer

Bottom Line - we can save you money

Did you know...

The First commercially viable answering machine was introduced in 1971

Preferred Partner of the Month: **TTI Telemangement Technologies, Inc. -**

IF YOU'RE LOOKING FOR A TEM SOFTWARE YOU NEED TO CHECK OUT THIS COMPANY. The WinBill system was first released in 1996 and has proven to be the most robust and flexible system with all the capabilities of systems costing hundreds of thousands more. When asked what differentiates TTI from other vendors President Mark Hearn states, "With a product that has been developed and enhanced over 13 years we have priced our offerings at a reasonable level, still WinBill has all the bells and whistles of other higher priced vendors all backed by a knowledgeable and client recommended support staff. TTI provides the best in VALUE and SERVICE."
